1.   Comment: Many of the railroad tank cars listed as passing through the Frankfurt/Oder, Scheune, Forst and Horka border crossing points were included in previous transportation reports. Most of the shipments directed through Frankfurt/Oder either were deliveries by East German hydrogenation plants to the U.S.S.R. or returning empty railroad tank cars. Traffic through Forst and Horka is exclusively Polish trade. Shipments passing through Scheune go to Stettin, where they are transloaded to ship. Topped crude oil from Mistersdorf in Austria is sent to East Germany via Bad Schandau and Bad Brambach.
